- Docker
- Swagger
- Kafka
- Redis
- Zod
- React Router
- Agile practices
- Content optimization
- Agile practices

Education

01/2013

Bachelor Of Science (BSc):
Obafemi Awolowo University
Ile-Ife, Osun state, Nigeria

Dauda Oladipupo Haruna

Summary

Talented Software Developer equipped with great coding, debugging and project management abilities. Accomplishes project goals consistently with elegant, scalable code. Works great with team members under Agile and Scrum frameworks.

Experience

Freelance - Freelance & Contract Software Developer

11/2025 - Current

- Delivered 10+ production websites for founders, creators, and small businesses with an average 40% performance improvement per project.
- Integrated third-party services and RESTful APIs to enhance secure authentication, streamline data handling, and optimize server-client communication.
- Collaborated with clients to gather requirements, deliver tailored features, and enhance user satisfaction through improved performance and responsiveness.
- Conducted user feedback sessions and usability testing to prioritize features, shaping product roadmap for 5+ client projects.

Vehenecit - Frontend Engineer

01/2024 - 10/2025

- Led full refactor of front-end architecture, enhancing code maintainability and accelerating feature development by 10%.
- Implemented user-driven testing strategy focused on customer pain points, minimizing user-reported bugs and improving performance scores.
- Analyzed user search behavior to build SEO-optimized pages, driving significant increase in organic traffic.

Unicon Group - Junior Frontend Developer

08/2022 - 12/2023

- Designed and built scalable front-end solutions for high-traffic applications using React, Next.js, and Redux Toolkit.
- Improved application security and user experience through global state management with Zustand, persistent login sessions, and multi-role dashboards.
- Debugged and conducted rigorous code reviews, decreasing user-reported issues by 15%.

HiiT Plc - Frontend Developer (Intern)

09/2021 - 07/2022

GPA: CGPA: 3.75
